

Romeo

Yesterday was not exist,
Colder than November
It snowed,I was alone
Wars and frontlines

Then you came
From the otherside of fog
You had big neckbands
And you were so lush

You said,
I am Romeo,the warrior of real love
Lonliness is finished
Wipe your tears

He is not fight with me but love me
Romeo Romeo Romeo
He hugs me until the morning
Romeo romeo Romeo

Sensitive and elegant
I wear hope like a shelter
I was crying and I was alone
Audiences and stage

Then you came
From the otherside of fog
You had big neckbands
And you were so lush

You said,
I am Romeo,the warrior of real love
Lonliness is finished
Wipe your tears

He is not fight with me but love me
Romeo Romeo Romeo
He hugs me until the morning
Romeo romeo Romeo
